

## *Treatment for our Center for Spiritual Living*

This is what I know for the Central Florida Center for Spiritual Living:

I believe that God is all there is. One Life -- one Infinite Creative Energy and Intelligence, one unconditional Love, one amazing Grace, one lavish Abundance, one eternal Power and Presence everywhere equally present, and seeking only the opportunity to express and experience, create and contribute in us, as us and through us.

For 25 years the Central Florida Center for Spiritual Living has been that opportunity. Led beautifully by Rev. Cath and Rev. John, the Science of Mind teaching has powerfully expressed in countless ways in, through and as the Center, and in the lives of those who attended. Lives have been changed for the better, and the One Life has more fully, freely and powerfully expressed because of the Center's presence in Central Florida.

I know that as the Center transitions into a new chapter, Divine Right Action continues to beautifully unfold in, through and as It. The 'hows' and 'wheres' are easily worked out for the highest good of all. What Spirit/Life desires to be in this new chapter becomes clear. The right leadership easily comes into place, and abundant resources and opportunities are here for all of us, including Rev. Cath and Rev. John. We are grateful for their leadership, their commitment to the SOM principles and for their faithful service, and we bless them as they enter their next chapter of Life, knowing they are guided, loved and beautifully supported at all times, in all ways. And we also welcome our the next spiritual leadership for our Center, confident and grateful for all they bring to our Community as we move forward.

We are also grateful for how well the Florida Federation of Garden Clubs meeting space has served our Community. We bless our time here, and are grateful for how easily our new location is found --- complete with all the space, rooms, and parking we need, and in the perfect location for our Community to expand into a greater presence in Central Florida and the SOM community. It feels so good to have a place to call our Home, and that really feels like Home.

Uncertain times can sometimes be unsettling, but we know that below the surface is the foundation of Truth. We are all loved, supported, blessed and guided. We have all we need for this new chapter. We embrace this journey, grateful for the eternal connection to Source and to each other, and for the opportunity to stretch and grow in amazing ways; grateful to allow Spirit/Life to show up in our lives, and in our Center in greater and greater ways.

Knowing the Truth about Life and about our Center, I gratefully release this treatment, knowing it is already so in the mind of God. And so it is, and so we be.
